

DISPUUT

Study association for students of Construction Management & Engineering

	Quartile 1			Quartile 2			Quartile 3			Quartile 4		
	Code	Course	ECTS	Code	Course	ECTS	Code	Course	ECTS	Code	Course	ECTS
Compulsory	CME1210	Integration and Orientation; total of 7 ects										
	AR8002TU	Legal and Governance	7	SPM8001	Process Management	8	SPM8000	Project Management	7	CIE4030	Methodology for Scientific Research	3
	CME2200	Dynamic Control of Projects	4	CIE4760	Infrastructure Projects: Assessment and Planning	6	CME1200	Collaborative Design and Engineering	7	WM0312CT	Philosophy, Technology Assessment and Ethics	4
	CME2300	Financial Engineering	4				CME2210	Open Design and Construction Management	4			
	EPA1431	Cross-cultural Management	6									

Thesis	CME2000	Master Thesis; 6 months	32									
	CME2001	Thesis, Preparation	4									

Electives	CME2100	Internship	10	You can only choose one of these courses. They are not restricted to a certain quartile.								
	CIE4061	Multidisciplinary project	11									
	CIE5981	Forms of collaboration in Civil Engineering	4	CIE4010	Economics	4	CIE5910	Functional design	4	CIE5720	Environmental Impact Assessment	4
	SPM4110	Designing multi-actor systems	6	CIE4130	Probabilistic design	4	EPA1122	Policy analysis of multi-actor systems	3	CIE5750	Planning: Policy, methods and institutions	4
	SPM6300	Introduction risk management	3				EPA1232	Economics of infrastructures				6
	AE4230	Safety of transportation	3				MOT9511	Advanced project management	3	EPA1422	Inter-organizational decision making	6
	AR0880	Real estate valuation	7				SPM4416	Strategic management of large engineering projects	6	SPM9431	Public private partnership	6

Let op: voor elke bachelor vooropleiding gelden extra verplichte vakken!
